

No two of us cook the same.  
But we all cook for the same reasons.

**NO TWO OF US COOK THE SAME BUT WE ALL COOK FOR THE SAME REASONS...**

Bringing family and friends together, celebration, health and nutrition.

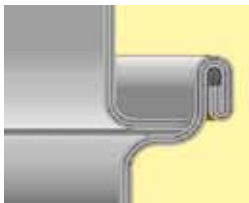

iCook is a healthy way of cooking that keeps what the garden intended in a unique and durable cooking system. A cooking system for every cooks need. Two systems that complement each other in style and look. Sets or individual components to build a culinary cooking system to be envied.

Cookware pieces in multi-ply stainless steel and nonstick coatings with additional cookware pieces to enhance your culinary kitchen.

## Featuring

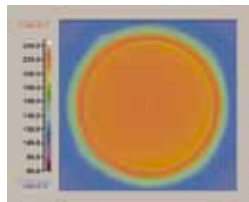

### Vitalok™

Vitalok is the low moisture cooking method that iCook offers in its multi-ply stainless steel pieces. Vitalok allows for a healthy way of cooking, retaining nutrients and what nature had in mind. Vitalok is created by the unique design and precision engineering of the lid fit to the pan so that foods can baste in their own natural juices and retain nutrients

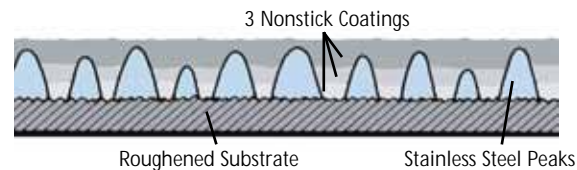

### OPTITEMP™

The #1 featured desired by cooks in quality cookware is even heat distribution. iCook's Optitemp fully encapsulated slab bottom design of aluminum and stainless steel provides excellent heat distribution. Just what cooks count on.

### Duramic™

Duramic is the nonstick cooking system on many iCook pieces. First of its kind with a unique internal and external reinforcement. 3 coats of nonstick coating applied over peaks and valleys of patented stainless steel creating superior durability and long lasting release properties. Nonstick coating on a stainless steel pan, a true sign of quality.

### Other Features

- Multi-ply stainless steel
- Ergonomic, heat resistant knobs and handles
- Handy lid rest to avoid drips
- Finger and flameguards to protect hands and handles from heat
- Self draining patented Past Inset
- Stainless steel mixing bowls with storage lids

### A set size for every cooking need...

- Offering pieces to add to existing cookware sets
- Smaller sets for singles and newlyweds to add onto later
- Deluxe set sizes for those with large families
- Nonstick sets for those whose lifestyle is of ease and health.
